#### STEPS FOR CALCULATION OF TAX:

1. 2023's tax is based on actual rentals in 2022. If all your units were rented for all of 2022 (any part of a month is considered a whole month for this calculation), pay **\$114 PER UNIT**. **Applicants that owned the unit(s) for less than 12 months in the previous year, must compute their tax based on an estimate of how many months the unit(s) will be rented during the current year.**
2. If any rental unit was vacant for one or more WHOLE calendar month(s) in 2022, the tax for that unit may be prorated. **To prorate, multiply the number of rented months by \$9.50 FOR EACH UNIT. Pay this amount or the minimum tax of \$38 per unit, whichever is LARGER. Please enclose your calculation with your payment.**
